Oil Filter Relocation Kit Application Guide

Use the charts on these pages to find the correct oil filtration relocation kit for your vehicle. The chart includes both Hamburger's Performance CNC machined, billet aluminum, and Trans-Dapt Performance Products' cast aluminum single & double remote oil filter relocation kits. To choose a kit, find your vehicle application, then select the part number in the column for the relocation kit that best fits your requirements. Please note, we now offer systems with vertical or horizontal inlet/outlet ports, as well as kits with a 90° bypass adapter for limited clearance.

For complete relocation kit details, turn to page 68-71

⚡ Cast Aluminum filtration components are not for use on Race, Marine or Diesel Applications!

IMPORT VEHICLES (Continued)

Oil Filter Relocation Kit Application Guide

Use the charts on these pages to find the correct oil filtration relocation kit for your vehicle. The chart includes both Hamburger's Performance CNC machined, billet aluminum, and Trans-Dapt Performance Products' cast aluminum single & double remote oil filter relocation kits. To choose a kit, find your vehicle application, then select the part number in the column for the relocation kit that best fits your requirements. Please note, we now offer systems with vertical or horizontal inlet/outlet ports, as well as kits with a 90° bypass adapter for limited clearance.

APPLICATION	BILLET ALUMINUM				CAST ALUMINUM*							
	A TRUE-DUAL™ DOUBLE FILTER HORIZONTAL PORTS	B MULTI-POSITION HORIZONTAL PORTS	C SINGLE FILTER HORIZONTAL PORTS	D SINGLE FILTER HORIZONTAL PORTS	Oil Filter Sandwich Adapter	E DOUBLE FILTER HORIZONTAL PORTS	F DOUBLE FILTER 90° BYPASS HORIZONTAL PORTS	G SINGLE FILTER HORIZONTAL PORTS	H SINGLE FILTER 90° BYPASS HORIZONTAL PORTS	I SINGLE FILTER VERTICAL PORTS	J SINGLE FILTER 90° BYPASS VERTICAL PORTS
